

WEE ANGUS

Tasting notes – vintage 2013

Wine	Wee Angus
Producer	Aberdeen Wine Company
Winemaker	Hamish MacGowan
Variety	Cabernet 55% / Merlot 40% / Cabernet Franc 5%
Region	CENTRAL VICTORIA

WINEMAKING

Sharing the same impeccable breeding as his big brother Angus The Bull, the next generation is born. Cabernet Sauvignon provides the backbone whilst the addition of Merlot creates a style that is suitable for early release and enjoys broad consumer appeal. This classic marriage of Cabernet and Merlot is a proven combination in which these two varieties perfectly complement one another.

TASTING NOTES

Wee Angus enjoys all the firm and generous tannin structure of Cabernet, while his youthful exuberance is tempered by the smooth plummy personality of Merlot. Intense colour with bright purple hues and plenty of ripe black fruits. A subtle touch of vanillin oak and a powerful finish combine to create a crowd pleaser that provides the ideal accompaniment to your next barbecue. Will continue to improve over the next 3-4 years.
