MARLBOROUGH

**Little Goat Creek
Organic
Sauvignon Blanc**

Viticulture

The grapes are sourced from organic vineyards in the Wairau Valley of Marlborough. These grapes build up a natural resistance to the elements. The skins become thicker producing more flavour.

Winemaking

Parcels of wine were selected for blending that produced a varietal and classic Sauvignon Blanc. All components were kept on yeast lees as long as possible until blending, adding greater flavour and softness to the wine.

The grapes and wine are fully BioGro certified organic. Vegan friendly.

Tasting Notes

Typical aromas of tropical fruit, passionfruit and lime show through on the nose. It has great minerality and drinkability due to the freshness on the palate. The tropical fruits continue on in the mouth with hints of Melon and citrus which adds great length of flavour.

This wine will drink well anytime complementing white meats, salads and seafood.
